FIG. 2

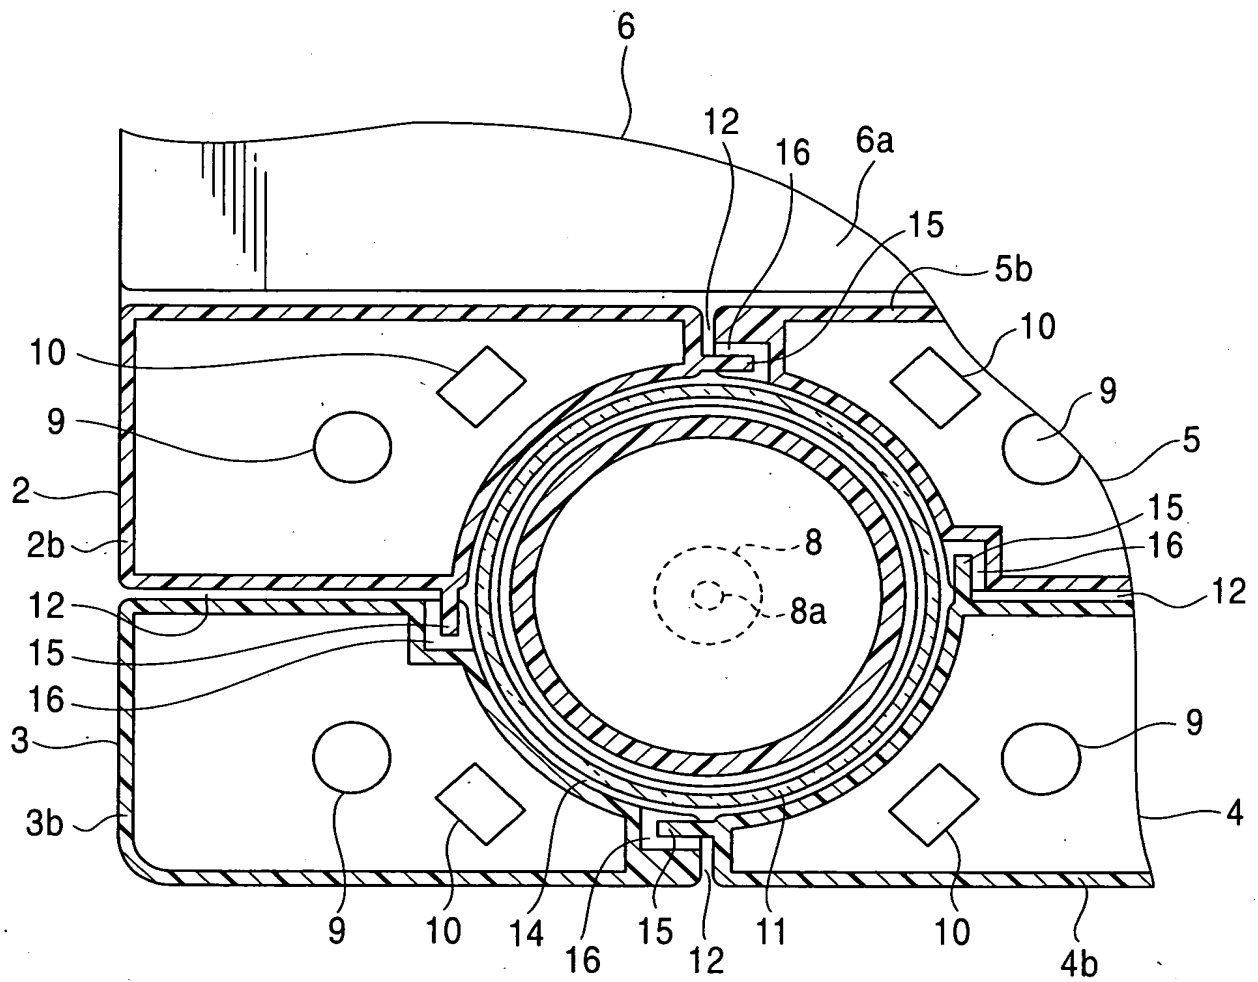

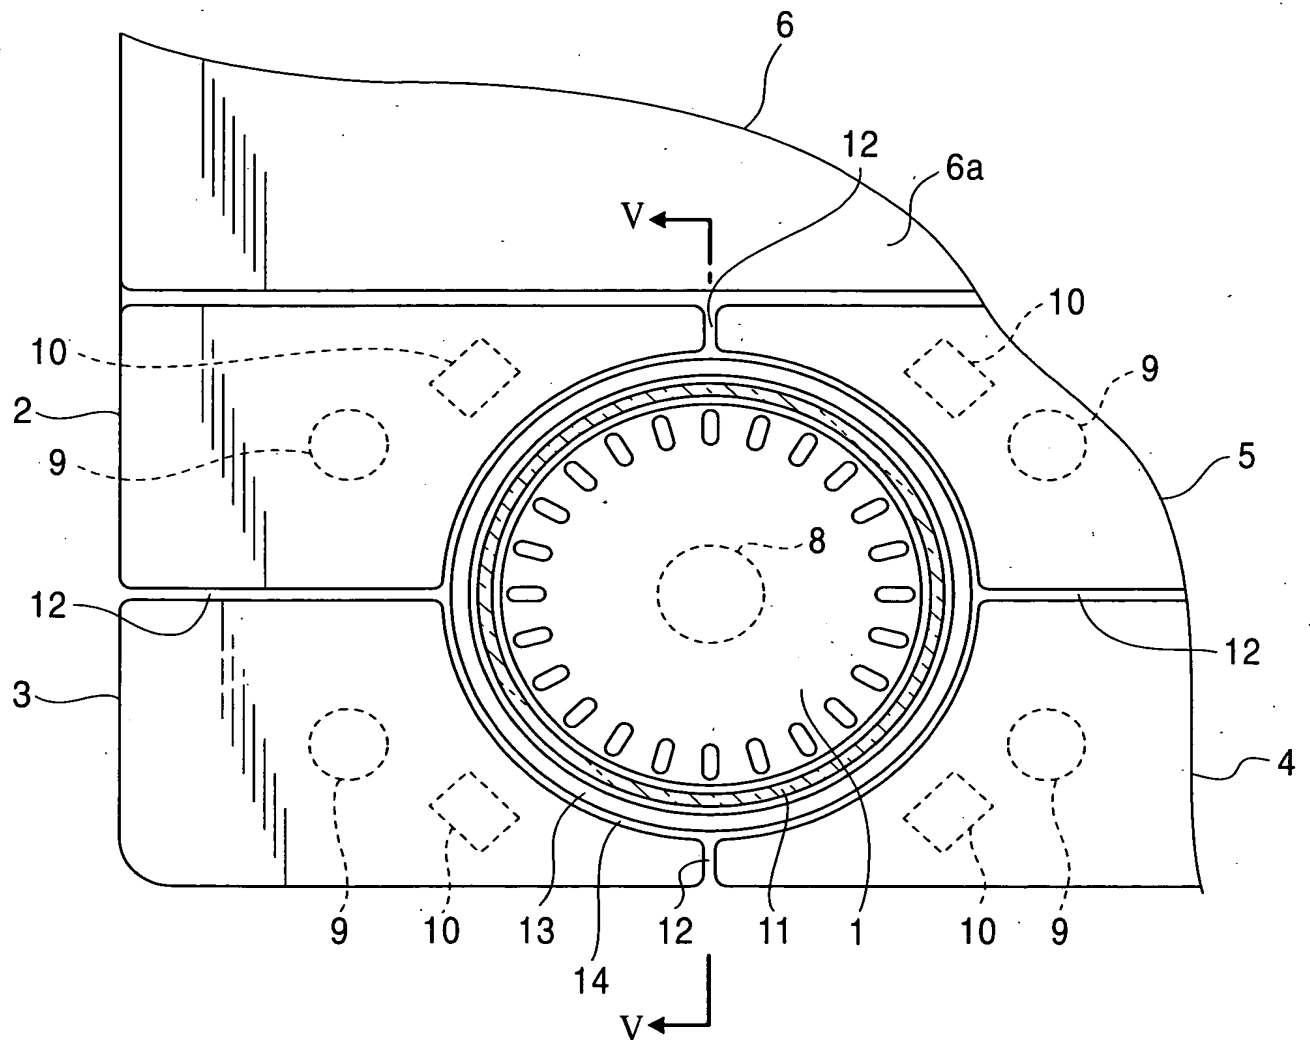

FIG. 4
PRIOR ART

A detailed cross-sectional view of a mechanical assembly. The assembly features a large, thick, hatched component (1) on the left. A vertical shaft (11) passes through the center of this component. At the top of the shaft, there is a component (2) and a hatched component (14). Below these, a hatched component (13) is positioned. At the bottom of the shaft, there is a component (3). To the right of the main assembly, there is a vertical hatched wall (7). A horizontal component (8) is mounted on the shaft (11) and extends towards this wall. On the wall, there are two sets of components labeled 9 and 10. Arrows point from these components towards the central shaft area. Labels 6a and 10a are also present, pointing to specific parts of the assembly.
